CONNECTIVITY

# GLOBAL SWITCH

Global Switch is a leading owner, operator and developer of large scale network dense, carrier and cloud neutral multi-customer data centres in Europe and Asia-Pacific. Our data centres provide rich ecosystems and offer reliability, security and flexibility that our customers require to house their IT infrastructure.

## Services

### Private Suites

These self-contained areas, which can include 24x7x365 network operating centre facilities, are designed and built to customers bespoke specifications.

### Cages

The Global Switch cage solution offers the benefits of large-scale resilience for medium sized IT space and power requirements. This solution provides secure private areas for customers and offers flexibility in design and layout.

### Racks

Situated in colocation areas, our racks are a vital resource for businesses looking to outsource their critical IT infrastructure, establish a presence in multiple locations or expand their footprint as their space requirements grow.

### Meet Me Rooms

Meet Me Rooms offer telecommunications companies highly secure purpose built areas to house their network infrastructure in order to connect with a host of companies and organisations within the data centres.

## Key benefits

**Scale:** Scalability with over 4,100,000 sq ft (387,000 sq m) across eleven world-class, fully-fitted data centres.

**Flexibility:** Access to the full range of space and power solutions with flexibility to meet your needs.

**Network dense:** Data centres that are located adjacent to central business districts exclusively in Tier 1 markets offer connectivity rich, low latency solutions with direct access to the major international fibre routes.

**Competitive options:** A strong diverse service provider ecosystem ensures that customers have access to competitive pricing for a complete range of services.

**Resilient Infrastructure:** Global Switch provides uninterrupted power with multiple layers of redundancy, optimised cooling and security. Monitoring of these key components through highly sophisticated building management systems is backed up by 24x7x365 security and technical support teams.

**Bespoke solutions:** Solutions can be tailored to individual customer requirements.

**Environmental commitment:** Energy efficiency is at the core of our business. Through innovation in design, operation and working closely with our customers, we are continually improving the energy efficiency of our data centres.

**Operational excellence:** Key ISO certifications complement a robust Critical Environments Programme which is central to applying and maintaining best in class practices across our global data centre portfolio.

**Financial strength:** A financially secure owner and operator with investment grade credit ratings.

**WORLD-CLASS  
DATA CENTRES**

**OPTIMISED

# MADRID

## Location

- The data centre is located 12km from the financial district and city centre
- Close to main transport networks
- Barajas International airport is 10 minutes away by car

## Building Overview

- Global Switch owns the freehold
- Purpose built
- Exceeds Tier III operational performance
- 21,922 sq m of gross space
- 3 data floors
- Flexible IT space with ability to create bespoke environments as required

## Main Structural Features

- Reinforced concrete frame with reinforced concrete floors, metal faced cladding and glazing
- 3.7m slab to slab height
- Raised floor height of 800mm
- Minimum from raised floor: typical 3m clear height to underside of deepest beam
- Floor loading of 9kN/m<sup>2</sup> for technical areas
- 1 goods lift (2 tonnes), 1 passenger lift

## Power

- 15kV utility supply with N+N redundancy
- Utility power supply capacity of 2 x 18MVA (current)
- Technical (IT) power supplied by on-site 2N static UPS
- Mechanical systems backed up by standby generator system with N+1 redundancy
- Fully diverse power distribution to technical areas
- On-site fuel storage to support 24 hours at full capacity with 24x7x365 fuel delivery
- Offering 1,000 W/m<sup>2</sup> as standard, with higher power density solutions fully supported

## Cooling

- 24MW of installed cooling provision
- Minimum N+1 resilience on all systems
- CRAC units control temperature and humidity in technical space within the recommended range of ASHRAE TC9.9
- Diverse distribution pipework throughout
- Condenser water cooling system
- 3 water tanks; total of 600 m<sup>3</sup>

## Security

- Operations Centre manned 24x7x365
- Security guard patrols 24x7x365
- Continuous CCTV surveillance of external and internal areas
- CCTV records kept for 31 days
- Comprehensive intruder detection and alarms to all areas
- Strict access control procedures to ISO 27001
- National Security Scheme Certification; ENS High level compliant
- Access control using proximity card readers
- Biometric security and other on demand
- Physical access via mantrap
- Secure managed delivery and loading area available 24x7x365

## Connectivity

- Carrier and cloud neutral
- Network dense with access to multiple global and regional carriers and Internet service providers offering Dark Fibre, Wavelength, Ethernet, MPLS, VPLS, IP Transit, Peering, CDN, Storage, Virtualised Services (SDN), Voice and Mobile Services
- Access to multiple cloud services through leading public, private and hybrid cloud solution providers
- 2 Meet Me Rooms
- 2 diverse building entry points
- Diverse cable routes and pathways
- Roof space availability for satellite and antennae equipment
- DE-CIX present

## Fire Detection and Suppression

- Analogue addressable fire detection system in all areas
- Aspirated early warning smoke detection system (monitored 24x7x365)
- Dry pipe pre-action sprinkler, gas or mist water system in technical areas
- CO<sub>2</sub> at transformer and electrical rooms

## Critical Environments Management

- Experienced 24x7x365 facilities management team
- Environment (thermal conditions) monitored 24x7x365
- All Building Management Systems (BMS) monitored 24x7x365
- Comprehensive energy metering system
- Internationally recognised critical environments programme

## Other Services

- Customer portal
- Cross connects
- Customer reports
- Deliveries and storage
- Design and build
- Fit-out
- On-site facilities
- Remote hands
- Technical cleaning
- Waste disposal

## Certifications

- ISO 9001, 14001, 27001, 45001, 50001
- PCI DSS compliant
- ENS (National Security Framework) High level compliant
